visit nunababy.com

How do we give baby a spot at the table?

Answering that question back in 2007 led us to design our first product which is known today as the innovative ZAAZ™ high chair.

We have since grown into a global brand with a growing collection of clever solutions that spans across car seat, pushchair, travel and in-home categories.

DESIGN

Leading the industry in engineering

When it comes to innovation, we'll admit we're a little obsessed. Nothing brings us more joy than crafting inventive solutions that will save you time and energy, so you can focus on what matters most.

SAFETY

We never compromise

Our baby gear is extensively tested before it leaves the factory. We use advanced equipment and testing methods, going above and beyond what's required. To ensure compliance with safety standards, we regularly have our gear tested at accredited, independent labs.

AWARDS

We've got high standards

We've been recognized with over 320 awards from some of the world's most prestigious design and parenting institutions.

reddot design award

For more than 60 years, the Red Dot Award—one of the world's largest design competitions—has been providing a platform for designers and companies to assess good design. The international jury only awards this sought-after seal of quality to products that feature an outstanding design.

Every Nuna product is remarkably designed providing award winning experiences. The renowned Red Dot jury took notice and Nuna proudly carries 23 awards.

Many of our car seats have been tested by world-renowned ADAC (Germany) and received excellent ratings. ADAC performs its product testing on safety, handling, ergonomics, and harmful substance components and is known as one of the most rigorous car seat testers in Europe.

Mindfully manufactured

*We are committed to protecting the place
where your little ones grow up.*

Reducing and Reusing

We abide by the international ISO 14000 family of standards that cover a company's environmental responsibilities, including the use of alternate fuel sources, such as solar-powered energy, and the treatment of wastewater, as well as the use of recycling programs for plastic waste and packaging.

Your little one has a bright future, and the planet should, too. Nuna gear complies with regional safety and chemical standards. The plastic, metal, fabric, fiber fill, and foam we use in our products all abide by CPSIA standards in the USA, REACH regulations and EN71 standards in Europe, and the CCPSA (Canada Consumer Product Safety Act).

GREENGUARD Gold Certified

Breathing clean air is essential for your little one's health, so it's important to know that your baby gear is contributing to higher air quality in your home or car environment. Most Nuna products have met the standards for GREENGUARD Gold certification, meaning that they have been thoroughly tested and certified to not contribute hazardous chemicals, or VOCs, into the air your child breathes.

Eliminating sources of chemical emissions is the most effective way to reduce indoor air pollution according to the U.S. Environmental Protection Agency.

Less indoor air pollution

The best strategy to reduce indoor air pollution is source control. GREENGUARD Gold Certified Nuna products ensure your baby gear is not adding pollutants to the air your baby breathes.

Less risk for chemical exposure

GREENGUARD Gold Certified products have met some of the world's most rigorous chemical emissions standards including formaldehyde and phthalate levels.

Healthier environment for all

Your baby's immune, neurological, and respiratory systems are still developing. GREENGUARD Gold certification includes health-based criteria that account for the most sensitive individuals (like baby!).

Better for baby materials

Merino wool blend

Keeping baby warm in winter and drawing moisture away in summer, Nuna's Merino wool and TENCEL™ lyocell blend is soft and environmentally friendly. No harmful chemicals are used in the manufacturing process of this naturally wrinkle-resistant material.

**TENCEL™ is a trademark of Lenzing AG.*

GOTS certified

GOTS is recognized as the world's leading processing standard for textiles made from organic fibers. It defines high-level environmental criteria along the entire organic textiles supply chain and also requires compliance with social criteria.

Organic Cotton

The soft organic cotton used in select Nuna products is gentle on sensitive skin and is grown without using fertilizers, pesticides, and other toxic chemicals. The elimination of toxic chemicals produces healthier soil and reduces water pollution.

FR-free

Each and every Nuna car seat is crafted with fire-retardant (FR) free materials through and through. The FR-free materials used in Nuna car seats are naturally flame resistant while containing no added harmful chemicals, making them safer for your child.

At Nuna, we know your little one deserves the very best. That's why we use the highest quality materials that not only meet our premium craftsmanship and comfort standards, but also comply with the most stringent U.S. Federal and European chemical safety standards.

Family means the world to us

We're thrilled to be here with you at the start of the transformative journey of parenthood. Bringing practical and functional designs to life for families is a constant source of inspiration for us.

We've thought of all the little things so you can focus on all the big things.

Here's to a
memorable adventure...

Made for strolling

Nuna's premium pushchairs go the distance with tough tyres ready for any terrain and progressive suspension technology for top-of-the-line comfort. Ingenious built-in features bring exceptional convenience—the perfect pick for wherever the path leads.

demi™ grow

Be ready for tomorrow

You can't control your destiny, but now you can be ready for the stroll ahead in more ways than ever.

Choose between two interchangeable canopies to create the ultimate customized comfort for baby. Our innovative MagneTech secure snap™ makes getting your little one out as quick and easy as putting them in. And the Custom dual suspension™ provides the best ride for baby and for you.

With an all-season seat, swanky storage system, and the ability to expand to a double or (gasp!) even a twin—the DEMI grow really does have it all—no matter what fate may throw your way.

Designed around your future you.

All the essentials to stroll now and grow later. Crafted to convert from a single pushchair to both a double or twin—33 modes.

MagneTech secure snap™, the self-guiding magnetic buckle that automatically locks into place.

Everyday travel companion

A morning stroll to the park or afternoons in your favorite coffee spot, everyday out and abouts with baby are fuss-free with the TRIV next pushchair. It's a natural city dweller that quickly converts to a travel system, packs up easily and stands on its own when folded, becoming the perfect sidekick to your everyday adventures.

Engineered for convenience and comfort, the all-wheel suspension, one-touch braking system, and large rear wheels promise easy maneuverability and cushiony smooth city strolls—like riding on air with complete peace of mind.

This compact fold pushchair is cleverly designed with a seat that faces and folds both ways, no matter what direction baby's facing. The all-season seat keeps your precious cargo snug in winter and converts to breathable mesh in summer, while the rain cover provides extra protection no matter the weather.

Every parent needs a trusty travel companion to enjoy those everyday adventures that are waiting around the corner.

All-wheel suspension and large rear wheels are tough, foam-filled and ready for any terrain.

MagneTech secure snap™—the self-guiding magnetic buckle that automatically locks into place.

pipa™ urbn

Modern rides, reimagined

The PIPA urbn reimagines the future of travel with baby. This innovative, ultra-lightweight infant car seat weighs only 3.3 kg* and installs using an advanced ISOFIX system. This groundbreaking, baseless installation feature is integrated into the car seat, allowing for super secure installs** when moving from car, to taxi, to rideshare and offering a new generation of journeys. It also features a one-handed, quick release from pushchair and vehicle and Nuna's iconic Dream drape™ for ultimate privacy—so you and baby can navigate life with modern-day ease.

*Without insert and canopy
**Refer to vehicle fitting list

Travel system ready—compatible with all Nuna pushchairs.

All installation types are baseless—no base needed.

Dream drape™ pulls down smoothly and attaches quietly with magnets, because nothing beats a lovely, uninterrupted nap.

next system™

One system, four products

A family of top performers in safety

The NEXT system offers ultimate flexibility with four solutions for the first four years, conveniently using one base for all compatible products.

BASE next offers ultimate adaptability as the foundation of a modular system compatible with CARI next, a carry cot car seat; PIPA next, our versatile infant car seat; ARRA next, our lie-flat infant car seat; and TODL next, a sleek seat that grows with baby from newborn to toddler.

base^{next}

Same base, next stage

One base. Four ways to ride. BASE next offers ultimate adaptability as the foundation of a modular system compatible with CARI™ next, a carry cot car seat; PIPA™ next, our versatile infant car seat; ARRA™ next, our lie-flat infant car seat; and TODL™ next, a sleek seat that grows with baby from newborn to toddler.

The BASE next provides simple and secure installation, features a rotation that allows for simple harnessing, and has built-in Side Impact Protection for ultimate safety. With multi-adjustable ISOFIX positions to boot, this is one can-do car seat base.

Secure Display | colored indication bars verify proper installation of base and seat. No second-guessing.

Features

- 360° rotation for easy harnessing and NEXT™ system car seat installation with just one click
- Rebound bar provides more room for child's legs
- True lock™ base installation technology make set up swift, simple and secure using a vehicle's ISOFIX anchor points
- Multi-adjustable ISOFIX positions allow a custom fit on your vehicle seat
- Load leg indicators, seat attachment indicators, and seat rotation indicators individually show all in one display simple display making installation a cinch
- Resilient, shock-absorbing plastics reduce force, keeping baby safe
- Crumple zone within the stability leg absorbs impact and minimizes force to baby
- Built-in storage pocket for easy access to the user manual
- Car seat latch guides are included

cari™ next

In bed, on board

Yes, it's really a carry cot car seat! You're not dreaming ... but they will be. The super comfortable CARI next allows baby to lay peacefully at a full recline—the best position for a developing spine. This NEXT system compatible carry cot features an organic jersey mattress and infant inserts that add comfort and a 3-point harness that adds security. You can travel from home, to car, to pushchair, wherever life takes you while they head off to dreamland.

Doubling as a car seat and a carry cot, even when life doesn't stop, their snugly sleep won't be interrupted as they lie flat in the CARI next.

A convenient travel system with easy connection to adaptor-friendly Nuna pushchairs.

Doubling as a car seat and a carry cot, even when life doesn't stop, their snugly sleep won't be interrupted as they lie flat in the CARI next.

pipa™ next

From first rides to your next adventure

Feel the freedom to go anywhere with PIPA next. Lightweight enough to tote while doing your shopping—just 2.8 kg*! Versatile enough to take from the taxi to the family car, thanks to the option of belt path or base installation.

It's i-Size-approved and designed with all the details that make for a cosy ride, like an adjustable headrest with no-rethread harness, a Dream drape™, and superior Side Impact Protection on the base with built-in wings that automatically deploy when the car seat is installed.

Everything you've been dreaming of to make your life with baby easier.

*Without insert and canopy

The world-renowned ADAC (Germany), conductor of the most rigorous car seat tests in Europe, evaluates safety, handling, ergonomics and harmful substances and has given the PIPA next a four-star rating in the 05/2022 test.

Adjustable headrest's patented Tailor tech™ memory foam provides a comfortable custom fit and grows with baby.

Features

- **NEXT system™ compatible**
The NEXT system offers ultimate flexibility with four solutions for the first four years, conveniently using one base for all compatible products
- Lightweight, protective and portable. Only 2.8 kg (weight does not include inserts or canopy)
- Super comfortable for baby. Premium i-Size protection for your peace of mind.
- Adjustable headrest's patented Tailor tech™ memory foam provides a comfortable custom fit and grows with baby
- The high-strength handle transfers a large portion of the crash forces into the shell and thus protects the particularly sensitive head area
- All over Side Impact Protection thanks to Nuna's smart SIP system featuring EPP energy absorbing foam
- Luxe leatherette carry handle
- Removable, full coverage UPF 50+ canopy with flip-out eyeshade and mesh peek-a-boo window
- Dream drape™ pulls down smoothly and attaches quietly with magnets, because nothing beats a lovely, uninterrupted nap
- One-hand, 7-position height-adjustable headrest

- No-rethread, 3-point harness works with one hand to effortlessly fit growing riders for maximum security
- Infant inserts keep them snug and supported. When baby outgrows, they easily remove.
- Woven fabric creates a homespun, subtle texture, while Merino wool and TENCEL™ lyocell fiber, create a natural and earthy feel
**TENCEL™ is a trademark of Lenzing AG*
- TUV aircraft certified to travel everywhere, and beyond

BASE next

- True lock™ base installation technology make set up swift, simple and secure using a vehicle's ISOFIX anchor points
- Crumple zone within the stability leg absorbs impact and minimizes force to baby
- Coloured indicators confirm proper installation—no second-guessing
- Multi-adjustable ISOFIX positions allow a custom fit on your vehicle seat

Travel everywhere with ease. Belt path on the seat shell gives you a choice of installation method. Buckle it into a taxi, or install it on the base in the family car. PIPA next is cleared for take-off—when using the belt path, it's certified for aircraft travel.

arraTMnext

From cosy seat to deep sleep

For those busy days and long journeys, ARRA next provides a smooth transition from crib to carrier. Its three recline positions allow baby to lie comfortably, whether ARRA next is secured on the base in the backseat or attached to a pushchair.

It's i-Size approved and lightweight, weighing just 3.5 kg*. This reclining carrier means that even when life doesn't stop, their sleep doesn't have to either.

**Without insert and canopy*

All over Side Impact Protection thanks to Nuna's smart SIP system featuring EPP energy absorbing foam.

ARRA next combines a super secure car seat with the comfort of their own bed. Designed to be comfy for the thing they do most—sleep!

Not a carry cot—a carrier cot, with a deep recline that's healthy for their spine and breathing. Converts to a flat reclining seat—157° angle—usable in the vehicle or on a pushchair.

todl™next

Relaxed riding, secure fit

The sleek and sophisticated TODL next is ready to hit the road from day one through toddlerhood. The first few years of life are a whirlwind of joy and major milestones, and adaptability is a must for your baby gear. With five recline positions and a shoulder harness that expands with each of the six headrest positions, the TODL next easily adjusts to accommodate all your little one's stages of growth, so you can focus on what matters most—making memories.

- 6-position headrest
- Merino wool infant head and body inserts
- Detachable Side Impact Protection pod
- Magnetic buckle holders
- Removable inserts, patented Tailor tech™ memory foam and EPP energy absorbing foam
- No-rethread 5-point harness

The world-renowned ADAC (Germany), conductor of the most rigorous car seat tests in Europe, evaluates safety, handling, ergonomics and harmful substances and has given the TODL next a 4 star rating at the 05/2022 test.

Attaching the Side Impact Protection pod creates an additional safety zone to protect your child. It works with the integrated foam to absorb energy earlier and significantly reduce the force of impact.

aace™ lx

Grow on in style

It seems like they never stop growing! Luckily, the AACE lx has every feature needed for a growing child in a fresh and sleek design. The 3D growth system™ means that seat depth can be increased and as the headrest is raised the shoulder width expands, making more room as your little one goes from child to pre-teen. They'll be protected thanks to a detachable Side Impact Protection pod that works with the integrated foam. A green belt path with belt positioner makes buckling in easy and secure. The recline adjusts smoothly for a custom fit to both your child and your vehicle. Keep them safer longer in this stylish i-Size booster built for security and comfort on every trip.

Attaching the Side Impact Protection pod creates an additional safety zone to protect your child. It works with the integrated foam to absorb energy earlier and significantly reduce the force of impact.

Belt positioner aids in correct shoulder belt routing. Along with a coloured belt path, it minimises user error.

Styled for living

Nuna's chic baby gear keeps the aesthetic integrity of a modern family's home with the freedom to travel light without compromise. Refined looks fashioned from luxe materials, Nuna's hands-free baby carriers, simple-fold travel cribs, high chairs and rockers give parents peace-of-mind in everything baby needs with ease.

culd™ klik

Let's go together

Life as a parent can be overwhelming but keeping your baby close and going through it together makes the journey so much more special. The Nuna CUDL klik 4-in-1 ergonomic baby carrier provides the cuddly closeness you crave with the hands-free freedom you need to enjoy those small everyday moments that become the big ones.

The CUDL klik features breathable mesh fabric and padded shoulder and waist straps and is designed to make babywearing cool and comfy for both parent and baby. The buckled waistband clicks together in a snap and is adjustable for parents of all sizes. It's accented with a removable wristlet pouch for on-the-go essentials, so just like that you are ready for the day's adventures.

Say hello to self-guiding magnetic buckles that make securing baby in the carrier simple and safe. The attached hood shades baby, while the integrated breeze cover provides extra protection when out and about. The CUDL klik ergonomically adapts from the close to your heart newborn days to explore the world toddler stage, so you can go about the day-to-day together. Because together is always better.

All-over comfort from even distribution of baby's weight thanks to padded shoulder straps and a wide secure waist belt.

cu^{dl}[™]

Keep them close

Parenting can be intimidating—wearing a carrier shouldn't be. CUDL makes it easy to keep baby close and secure, all while keeping your hands free.

It's comfortable and customizable with breathable mesh fabric and padded shoulder and waist straps. Every position in CUDL offers your growing child ergonomic positioning to keep spine and hip development healthy. Keep baby facing in and snuggled up starting with an integrated infant booster for newborns, which then easily unzips as your child grows.

You've got this. CUDL is designed so you can adjust and put it on alone, no helpers needed. When baby wants to sightsee their world, have them face out or switch to back carry mode for growing toddlers.

CUDL makes it easy to keep baby close and secure, all while keeping your hands free. The integrated infant head support is removable and washable.

Say hello to four magnetic buckles that make securing on-the-go quick and simple. And just like that you are ready in a snap.

Four carry positions provide optimal support as your child grows—for healthy body positioning necessary in spine and hip development.

luun™

Together is better

You can't hold your baby all day, but the Nuna LUUN 3-in-1 ergonomic baby carrier makes it easy to carry them close while keeping your hands free to go about your day. The LUUN offers three carry positions that provide optimal support for your growing child and healthy body positioning necessary for spine and hip development.

The integrated infant booster allows you to keep your newborn facing in and close to your heart. Unzip it to accommodate your growing child, then switch to back carry mode for growing toddlers who are ready to watch the world.

The LUUN also features airy mesh fabric and padded shoulder and waist straps that are customizable to fit parents of all sizes. Say hello to self-guiding magnetic buckles that make securing baby in the carrier simple and safe. There's a zippered pocket on the waistband for keeping the essentials close and an attached hood to shade baby from the elements—so you can go about the day together.

Because together is always better.

Simple to use at home and away. Unique zip-off upper cot is easy to detach for playard use.

zaaz™

Join the table & enjoy

Big eater. Messy eater. Playful eater. It's all good with ZAAZ at the table.

The moment they're ready, you can be ready for them. ZAAZ is more compact than most high chairs, so it's easier to slide right up to the table. And since food is to kids what paint was to Picasso, we've made sure it's super easy to clean. Wipe ZAAZ down or just remove the parts and pop them in the dishwasher.

Less cleanup time. More time to play.

Dishwasher-safe elements are easy to remove. Load it up and wave goodbye to the mess. Wipes down easily. Perfect for quick and dirty clean ups.

Compact design allows you to seat baby right at the table rather than near it. Hidden lift mechanism adjusts height easily.

Prepared **for anything**

Our high-quality baby accessories feature all the essential bells and whistles to support baby no matter the adventure. From diaper bags to travel bags, you'll be equipped with stylish gear and handy extras for smooth sailing.

Modern, smart design makes Nuna's accessories a must-have for practical parenthood.

diaper bag

Carry it all

What you need? A diaper bag. What you want? Something that won't cramp you and your partner's style. Something that can be styled any which way you need it in a moment's notice. And something to carry it all.

We get it. We've been there. That's why we designed our diaper bag to be discreet and sleek on the outside, and with every personal and parenting necessity on the inside.

We've included every little luxe detail to carry it all-so if you wanted to, you could.

Dimensions	38 x 34 x 16 cm
Weight	1.9 kg
Factory certified	ISO 14001 ISO 9001 OHSAS 18001

Features

- Wear over the shoulder, cross-bodied or as a backpack
- Integrated luggage sleeve
- Fits tablets and laptops up to 13 in
- Leatherette and gunmetal accents
- Includes an insulated bottle bag and a fully-featured changing pad clutch
- Insulated bottle bag maintains bottle's temperature
- Changing pad clutch unfolds for a super large, wipeable space to lay baby
- 7 elastic mesh pockets
- 2 elastic bottle straps
- 1 zippered, wipeable pocket
- Magnetic front flap closure and zipper top
- Quilted mesh back provides airflow

Our diaper bag's sleek and stately design is perfect for both moms, dads, and lovers of all things organized. Wear as you'd like. Over the shoulder, cross-bodied or as a backpack. The leatherette carry handle allows you to tote in luxury. Additional leatherette and gunmetal accents complete the polished look.

- Luggage tag window to call it your own
- Quilted liner inside bag protects your Nuna gear or anything else you pack along the way and doubles as an organizing divider
- Interior adjustable straps will keep all your gear in place while traveling
- Outside zippered pocket for toys, snacks, additional items

Accessories

winter footmuff

We want to give baby the very best. The winter footmuff makes it easy to do just that naturally—with fine, warm yak wool that provides the ultimate in insulation and comfort. Our careful placement of this luxurious fabric optimizes its benefits so you can rest assured, while baby rests comfortably.

granite
FT00000GRNGL

sling bag

Keep it in reach while on the go. Compatible with DEMI™ grow and MIXX™ next, it easily attaches to the pushbar while keeping it organized and in reach. A luxe leatherette carry strap quickly converts it to an over the shoulder tote bag. Just attach or remove and go!

caviar
SB00000ACSGL

trvl™ transport bag

Keep your Nuna TRVL pushchair protected on your next adventure with the TRVL transport bag. The bag's lightweight design allows it to be carried in multiple ways. It can be carried using the top or side handles or worn as an adjustable backpack—for hands-free travel. It even has a luggage tag window to call it your own. Consider yourself ready to discover the world in style.

indigo
TB15700IDG

stroller wind cover

The Stroller wind cover protects baby from the elements on all sides from head to toe. The clear, wrap-around shield unzips for easy access and provides a cosy window to the world no matter the weather.

indigo
WC00000ACS

stroller insect net

Designed to protect your little one from all those pesky things with wings. The Nuna stroller insect net is made of sheer mesh for snugly air circulation and still provides your child a window to the world. Quick and easy to install, the elastic binding on the insect net simply fastens around the pushchair. Lightweight and compact for convenient transport and storage.

IN00000ACSGL

cari™ series rain cover

RC15900ACSGL

The CARI series rain cover ensures their snuggly sleep won't be interrupted by rain—taking you from home, to car, to pushchair no matter the weather. Compatible with the CARI series car seat carry cot.

trvl™ cup holder

HD15700ACS

Our TRVL cup holder fits right onto your pushchair so you can sip and stroll with ease. The cup holder is dishwasher safe on the top rack, or wash with luke warm water and mild dish soap. Rinse, then drip or towel dry. Perfect for your on-the-go beverage.

sena™ organic sheet

moonbeam
SS05000MON

demi™ grow ring adaptor

AD08100ACSGL

Easily and securely move baby from pushchair to vehicle and back again with the DEMI grow ring adaptor. This adaptor allows you to connect to the DEMI grow pushchair with just one click. The handy release buttons make switching between the DEMI grow and your vehicle swift and smooth.

triv™ cup holder

HD16300ACS

Our TRIV series cup holder fits right onto your pushchair so you can sip and stroll with ease. The cup holder is dishwasher safe on the top rack, or wash with luke warm water and mild dish soap. Rinse, then drip or towel dry. Perfect for your on-the-go beverage

sena™ series changer

caviar
SC04501CVRGL

Changer accessory creates a fully functioning nursery—no matter where you are.

sena™ insect net

SN-01-001

Keeps baby bug bite free. Elastic band provides a perfect fit. Convenient zipper top allows quick access to baby. Machine washable.

mixx™ ring adaptor

AD12100ACSGL

We believe that nothing should slow you down when you've got a full schedule of fun activities planned. The MIXX ring adaptor allows you to move seamlessly from vehicle to pushchair and back again. With release buttons that make switching a snap, this ring adaptor creates a safe and sturdy connection for secure strolling with just a click.

mixx™ next | demi™ grow cup holder

HD14700ACS

Our MIXX next and DEMI grow cup holder fits right onto your pushchair so you can sip and stroll with ease. The cup holder is dishwasher safe on the top rack, or wash with luke warm water and mild dish soap. Rinse, then drip or towel dry. Perfect for your on-the-go beverage.

leaf™ series canopy

cinder
CP-01-002GL

When you're outside swaying in the breeze, keep baby covered with the LEAF canopy. This easy to install accessory includes an eyeshade for extra protection from the sun and a removable insect net. Designed to fit the LEAF or LEAF grow.

zaaz™ newborn seat

cloud
NB-01-001GL

Can be used on the ZAAZ or on its own for feeding, napping or resting. Connects facing left or right. Coloured connection indicators confirm a secure fit to the ZAAZ. Removable infant head support comforts newborns and provides a custom fit. 3-point, anti-loop, buckle system. Made with GOTS certified organic fabric and dye so only the best touches baby. Side ventilation provides for a comfortable climate. Soft goods are machine washable.

Every moment of childhood is irreplaceable

We want you to be there for all of it—cherishing each new joy, diving into each new adventure. To live fully in all the precious moments, we know you need baby gear that helps you parent with ease. We're on a quest to bring you premium baby gear designed around your life.

Italian fashion designer, Georgette Polizzi, credits the colours of the rainbow with giving her strength to cope with life's difficulties. While waiting on the arrival of her daughter Sole, she developed the desire to create something unique that would introduce a creative element into her new baby's world.

This positive energy ignited the inspiration behind the limited-edition fashion collection designed by Georgette Polizzi, and luxuriously crafted by Nuna using a combination of both vibrant print and eclectically embroidered rainbow splashes. In this design-forward collaboration, Nuna and Georgette Polizzi are linked by a relationship of shared values for exquisite attention to detail, and a steadfast commitment to creating both safe and artfully stylish baby gear.

nuna[®]
+
**GEORGETTE
POLIZZI**

Artful expression

The woven fabric with luxe modern textures was hand-selected to best highlight Georgette Polizzi's creatively modern and colourful design.

All in the details

Each product in the collection is stylishly detailed with an embroidered version of Georgette Polizzi's exclusive handwritten signature.

Tastefully eclectic

Tasteful details, like exposed zippers and luxe leather trim, were intentionally kept subtle to allow the colours of this design-forward collection to shine through.

nuna[®]

Designed around your life
